SECURING HISTORICAL MATTER.

Horace Greeley Memorial Contributions Sought.

Poultney, April 16.—Plans are being carried out for the proper establishment and maintenance of the Horace Greeley memorial here. Papers or books relating to Mr. Greeley or published during his early days will be considered as entitled to prominence in the display of articles which it is hoped will form a generous exhibit.

Some contributions have already been made, among which is a desk said to have been a part of the equipment in the building at the time Mr. Greeley worked at the case.

Pepitron is a remarkably effective, agreeable and easily assimilated combination of pepsin, nux, iron, celery and other great tonics and digestives. Good for the prostration following the grip and other epidemics, paleness, nervousness, nervous prostration, neurasthenia, nervous dyspepsia, sleeplessness. One or two Pepitron after meals (see the economy?) do the work.

Nurses Recommend Cuticura Soap

It appeals to them because it is so pure and cleansing. It does much to keep the skin clear and healthy especially if assisted by touches of Cuticura Ointment to first signs of pimples, redness, roughness or chafing. Ideal for toilet uses.

Be sure to test the fascinating fragrance of Cuticura Talcum on your skin. Soap, Ointment and Talcum 25c each everywhere.

ELIAS LYMAN TO LEAVE COAL BUSINESS.

Burlington, April 16.—Elias Lyman, who has been in the coal business in this city for many years and who has also been president of the Elias Lyman Coal company for the past 28 years, will resign as president of the company at the annual meeting on Thursday.

It is expected that N. E. Pierce will be elected president to succeed Mr. Lyman.

WILSON REMAINS FRANCE'S FRIEND

Declares French Newspaper in Commenting on Troubles

RHINE SOLUTION ACCEPTED BY HIM

Although There May Have Been Divergence as to Methods

Paris, April 16.—"The time has come to destroy the legend tending to represent President Wilson as adopting regretfully such a solution," says the Petit Parisien in commenting upon the settlement of the question relative to the left bank of the Rhine by the council of four. "There may have been divergencies as to methods, but there was an agreement on principle, and an agreement on the resolution of that principle is bound to follow."

"Not the least interesting feature of the prolonged discussion was to see President Wilson apply himself passionately to the task of solving the problem and still not injuring the rights of France. He uttered a phrase one day, which France ought to know. He declared with an accent coming from the heart: 'It would be the sorrow of my life if the great peace we are making should be jeopardized by any difficulty between France and America.' The man who threw his country into the war for France remains our great friend."

RUBE VICKERS AN ASPIRANT

For Manager of Toledo Team, But Rollie Zeider Is Likely Choice.

Toledo, O., April 16.—Rollie Zeider, a scout for the Chicago National league club, will be manager of the Toledo American association team this season if Fred Mitchell will give Zeider his release. This information was given out last night by Roger Bresnahan, president of the local club, who has retired as manager.

Mother, Why Don't You Take Nuxated Iron

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All the Time and Looking So Haggard and Old?—The Doctor Gave Some to Susie Smith's Mother and She Was Worse Off Than You Are and Now She Looks Just Fine

Any Woman who Tires Easily is Irritable, Nervous and Run-Down. Should Take Nuxated Iron to Help Increase Her Health, Strength and Vitality.

"There are" be no strong, healthy, beautiful, rosy-cheeked women, without iron," says Dr. Ferdinand King, a New York physician and Medical Author. "I have strongly emphasized the fact that doctors should prescribe Nuxated Iron—Nuxated Iron—for their nervous, run-down, weak, haggard-looking women patients. Pale, pale anemias. The skin of an anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags, and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women the roses go from their cheeks."

In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be found. Roasting processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss. Therefore you should supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant that grows in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far

ager. Zeider was here and agreed to take the position.

Rube Vickers, formerly of the Philadelphia Americans, is another aspirant for the place, but Zeider is given preference because he applied first.

WHO IS YOUR STYLE AUTHORITY?

You have to depend on someone for the latest and most correct style; a man does not decide these things for himself. If he did, there'd be as many styles as there are people.

You can have the correct information from the world's best style authorities, and it doesn't cost you a cent. It's all in the

BORN IN BURLINGTON. Pvt. Joseph Blanchard Died at Camp Devens.

Lowell, Mass., April 16.—Private Joseph Blanchard, jr., who died in Camp Devens hospital Sunday, was the 19-year-old son of Mr. and Mrs. Joseph Blanchard of Lowell. They were with their son at his death. The body will be brought to Lowell, but the time of the military funeral has not been settled. Private Blanchard was born in Burlington, Vt., and soon after leaving school enlisted in the National Guard at Burlington June 11, 1917. He trained at Fort Ethan Allen, Vt., and was in camp at Newport News, Va., before going overseas in October, 1918, as a member of the supply company of the 102d United States infantry. He took part in all the engagements of the regiment and escaped wounds. He was gassed in one engagement and when he was attacked by pneumonia on the steamer en route from France to the United States, the effects of the gas weakened him so he was not strong enough to shake off the attack. In addition to his parents, Private Blanchard is survived by a brother.

Origin of Medicines. The agents employed for the treatment of disease are taken from the three kingdoms of nature, the vegetable, animal and mineral. Most medicinal substances are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor until it is now recognized as the standard remedy for female ills.—Adv.

MURAD

THE TURKISH CIGARETTE

20 Cents

A great statesman once said,
"I'd rather be right than President"

The discriminating smoker says:—"I'd rather pay 20 Cents for a box of ten Murads, THE Turkish cigarette, than for a hundred ordinary cigarettes."

Why? Because Murads are made of 100% pure Turkish tobacco—and Turkish tobacco is the world's most famous tobacco for cigarettes.
